A Message from our Family:

"STBCS is more than a school, it is a family! Like a family, everyone was involved with Tamia's learning experience. From the morning greeting to the school dismissal, the day was filled with scholastic and spiritual development. It is said that it takes a village to raise a child, and our family is happy to be part of that. She has grown in confidence and respect. STBCS is "One in a million" school. If you have a student K-8th grade - give them the opportunity to experience learning in the STBCS environment."

A Message from our Student

Ms. Yannah will attend Althoff Catholic High School this fall. She received several academic awards and honors and the recipient of three scholarships. Yannah shared, "I really liked religion class – because we can talk about God. ACCESS Academy provided a longer academic day, as well as drama, improv, dance and robotics club. Although not strong in math initially, I worked hard and learned - now I'm an A+ student and High Honor Roll. I will attend college and become an orthodontist."
